

FITTING INSTRUCTIONS FOR FP0085BK FORK PROTECTORS KTM 690 ENDURO 2008

Please note that the way the kit is packed does not necessarily represent the way of mounting to the bike

Please note that in cases where kits are packed with rubber washers holding the components onto the bolt – *the rubber washers should be thrown away!*

You will need the following tools to complete this job.

Two 13mm sockets and wrenches.

Socket set to include 10mm and 27mm A/F sockets.

Torque wrench.

Soft mallet.

Length of bar 350mm long by approx 10mm diameter.

Left-hand side (as you sit on bike)

- Remove spindle nut using 27mm A/F socket and wrench.
- Using 10mm socket remove plastic screw which is installed from this but deeper into spindle.
- Using length of bar and soft mallet knock out dummy nut on right-hand side of spindle (use bar through spindle).
- Replace left-hand spindle nut with new one supplied in kit and tighten to manufacturers recommended torque.
- Fit one nut and washer on spindle-bar (end with shortest thread).
- Feed spindle-bar with nut and washer through either bobbin and through spindle nut just fitted so large counter bore in bobbin locates on hex head of new spindle nut.
- Place remaining spacer over exposed right hand end of spindle-bar so it locates in spindle.
- Place remaining bobbin over exposed end of spindle-bar and against spacer just fitted.
- Fit washer and nut from kit onto thread and tighten until both nuts are engaged in nylon and equal amounts protrude from either side. Do not overtighten – the nyloc nuts will hold it tight.

CONSUMER NOTICE

The catalogue description and any exhibition of samples are only broad indications of the Products and R&G may make design changes which do not diminish their performance or visual appeal and supplying them in such state shall conform to the order. The Buyer acknowledges no representation or warranty (other than as to title) has been given or will apply to the Products other than those in R&G's order or confirmation and the Buyer confirms it has chosen the Products as being of merchantable quality and suitable for its particular purposes. Where R&G fits the Products or undertakes other services it shall exercise reasonable skill and care and rectify any fault free of charge unless the workmanship has been disturbed. The Buyer is responsible for ensuring that the warranty on the motorcycle is not affected by the fitting of the Products. On return of any defective Products R&G shall at its option either supply a replacement or refund the purchase money but shall not be liable if the Products have been modified or used or maintained otherwise than in accordance with R&G's or manufacturer's instructions and good engineering practice or if the defect arises from accident or neglect. Other than identified above and subject to R&G not limiting its liability for causing death and personal injury, it shall not be liable for indirect or consequential loss and otherwise its liability shall be limited to the amounts paid by the Buyer for the Products or the fitting or service concerned. These terms do not affect the Buyer's statutory rights.

R&G RACING RETURNS POLICY (NON-FAULTY GOODS)

Returns must be pre-authorized (if not pre-authorized the return will be rejected). Goods may only be returned direct to us if they were purchased direct from us (customer must prove if necessary). Otherwise to be returned to original vendor. Goods must be in resellable condition, in the opinion of R&G Racing. All returns are subject to a 25% restocking and handling fee (25% of the gross value exc. P&P – at the prevailing price at time of purchase). The customer must pay any and all carriage charges. No returns of discontinued products, unless within 14 days of purchase. This policy does not affect your statutory rights and does not refer to faulty goods.
